TWO YEARS FREE!

WITH THE NORTH ORANGE PROMISE AT FULLERTON COLLEGE

Promise Program

By Director Deniz Fiero

Fullerton College provides 2 years of free tuition to first-time college students through the Promise Program!

We want to help students with the cost of college by covering the enrollment (\$46 per unit) and health fees (\$21 per semester) through the North Orange Promise Fee Waiver. The program provides wrap-around services to first-time and continuing Promise students. There is no income requirement, just to be a first-time college student and a California Resident. Hear from our current students about their experience as a Promise student at Fullerton College.

Interested in attending Fullerton College and being apart of the Promise Program?

PUENTE COORDINATORS**

The Puente program is an academic, counseling and mentoring program that has improved college persistence and success rates for thousands of California's educationally under-served students. The Puente mission is to increase the number of community college students who:

- Transfer and enroll in four-year colleges and universities
- Earn college degrees
- Return to the community as mentors and leaders

Some benefits of the program are that students are guaranteed to be part of a learning community that links English and Counseling classes for one academic year, receive assistance over the summer to help with transitioning from high school to college, a designated Puente counselor, university and college transfer prep, mentoring, and so much more!
